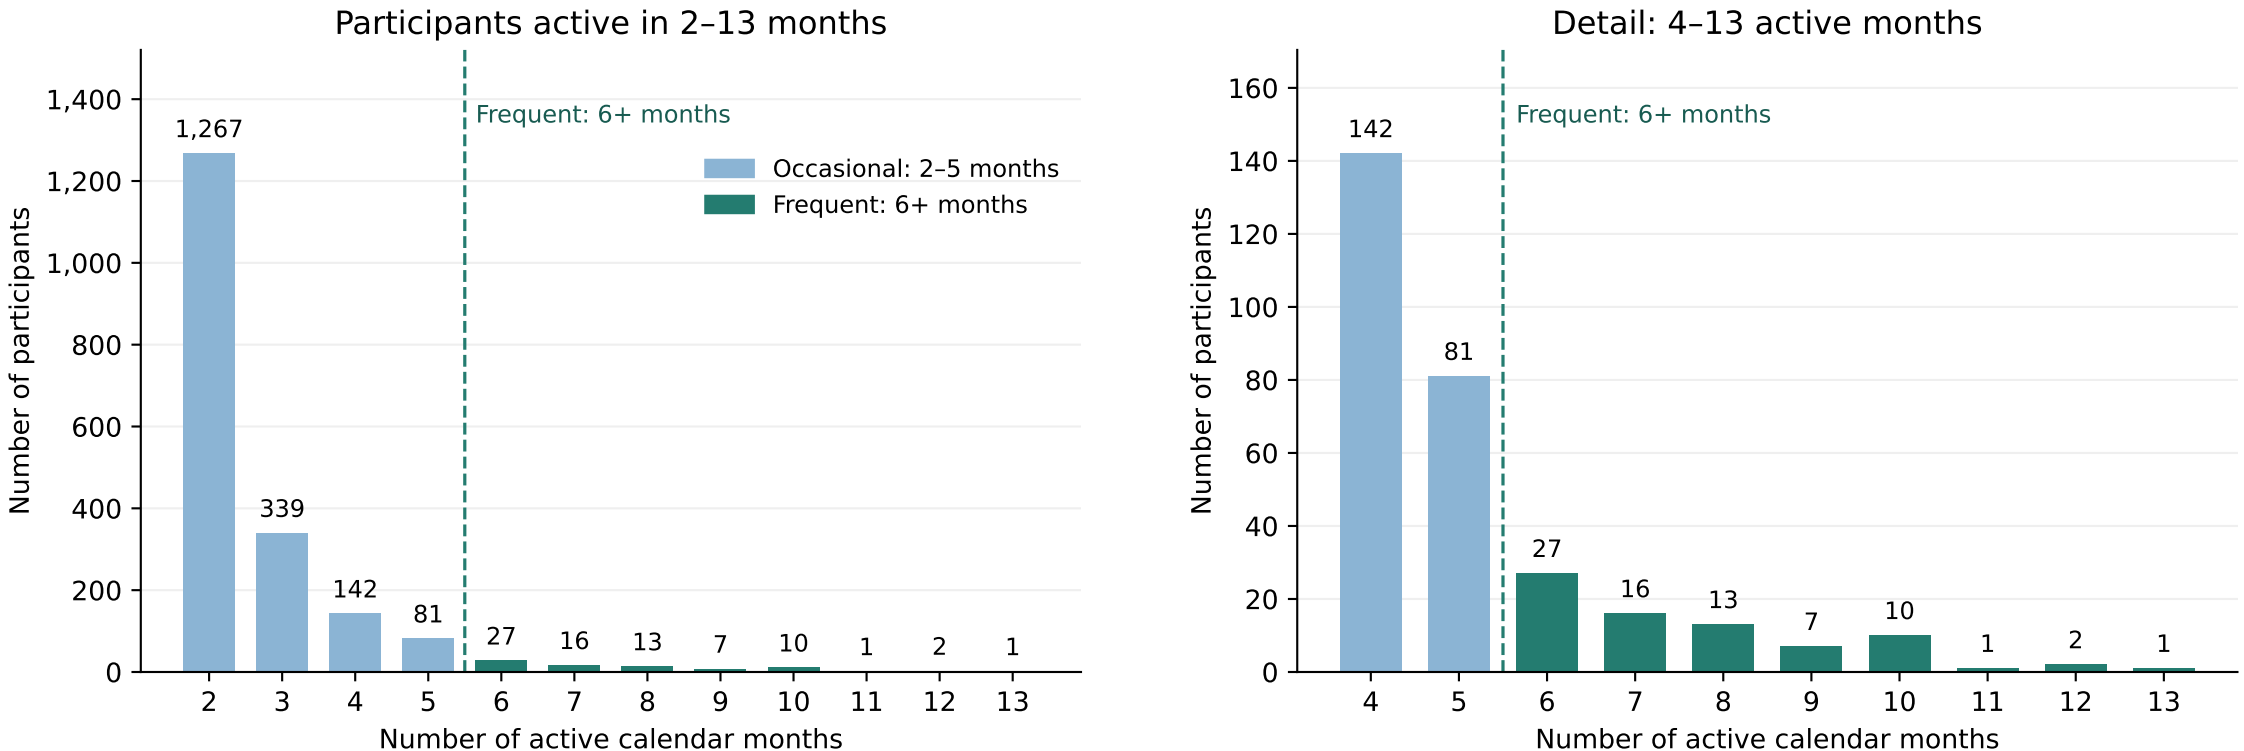
Distribution of participation frequency

Each bar counts participants active in exactly that many months.



1,906 participants shown; 8,704 single-month participants omitted · 17 Sep 2025–17 Sep 2026 (UTC).

Both panels use linear scales; the right panel has a smaller y-axis range.

Active month = at least one included action; months need not be consecutive. The 13 calendar bins include two partial Septembers.
